

SECURE STORAGE

THE STRENGTH TO BEAT THE THIEVES

SECURE STORAGE
FOR HOME AND GARDEN

THE WENSLEYDALE

The Wensleydale offers a high level of security in a large, flexible unit. It is constructed to the same exacting standards as the Wharfedale with security and rigidity in mind. Built from strong galvanised steel and coated with a durable polyester textured weatherproof coating you will be amazed by its strength and security! A firm and level base of concrete, tarmac or 50mm thick concrete paving slabs are recommended when installing the Wensleydale (grass, gravel or earth not suitable). *

The Wensleydale can be increased in depth by 1.1m increments by adding Extension Modules without affecting the strength, security or rigidity of the unit! Add as many extensions as you want creating the ideal storage space.

Wensleydale includes:

- integral metal floor
- non slip ramp
- secure pick resistant lock
- electric mounting plate (note: qualified electrician required to install power unit and wiring - not supplied)

Accessory package available includes:

- plywood flooring panels
- four heavy duty shelves
- ten strong hooks
- one tool rail

DIMENSIONS

H(RIDGE):	2072MM
H(EAVES):	1829MM
W:	2260MM
D:	2225MM
WEIGHT:	327KG
EXT DEPTH:	1092MM

Heavy duty shelves

*Minimum base requirements 2410mm x 2640mm

THE WENSLEYDALE PLUS

All the features as the basic Wensleydale but deeper! By adding Extension Modules you can customise the depth of your Wensleydale to suit your exact storage requirements. As before, a firm and level base of concrete, tarmac or 50mm thick concrete paving slabs are recommended when installing the Wensleydale Plus (grass, gravel or earth not suitable).

The Wensleydale plus can be increased in depth by 1.1m increments by adding Extension Modules without affecting the strength, security or rigidity of the unit! Add as many extensions as you want creating the ideal storage space.

Wensleydale includes:

- integral metal floor
- non slip ramp
- secure pick resistant lock
- electric mounting plate (note: qualified electrician required to install power unit and wiring - not supplied)

DIMENSIONS

H(RIDGE):	2072MM
H(EAVES):	1829MM
W:	2260MM
D:	3277MM
WEIGHT:	432KG
EXT DEPTH:	1092MM (EACH)

Accessory package for the Wensleydale plus includes:

- plywood flooring panels
- six heavy duty shelves
- ten strong hooks
- one tool rail

Heavy duty shelves

*Minimum base requirements 2410mm x 3732mm

THE WHARFEDALE

The Wharfedale provides the perfect storage solution for a multitude of applications. The quality and robustness of this unit is its strength. Trusted especially by schools and bike enthusiasts nationwide, in fact, you will be hard pressed to find anything to beat it on the market today. A full metal base is included as standard* and a range of accessories including additional wood flooring, shelves, hooks and tool rails are available to help you maximise the Wharfedale's full storage potential.

Wooden floor and integral ramp

Double doors across the width of the unit allows maximum access and a ramp is provided for easing in wheeled or heavier items.

Accessory package available to include; plywood floor, two shelves, ten heavy duty hooks and a tool rail.

The Wharfedale has been tested and certified by the Loss Prevention Certification Board and awarded the LPS 1175 Security Rating 1

Strong metal hooks

The Wharfedale can be increased in depth by 1.1m increments by adding Extension Modules without affecting the strength, security or rigidity of the unit! Add as many extensions as you want creating the ideal storage space.

*Minimum base requirements 1730mm x 2640mm

DIMENSIONS

H(FRONT):	2032MM
H(BACK):	1829MM
W:	1524MM
D:	2225MM
WEIGHT:	255KG
EXT DEPTH:	1092MM

THE RIBBLESDALE

The Ribblesdale provides the perfect solution to all your garden and outdoor storage needs. A generous 4m³ of cubic capacity allows you to safely and securely store lawnmowers, garden equipment, barbecues, kids' toys or anything else you don't want in the house!* Designed to accept shelving on either side the Ribblesdale maximises wall space so that you can store smaller items such as tins of paint, plant pots, aerosols etc. out of harms way. Accessory package available to include wooden floor panel, two shelves and ten heavy duty hooks.

Rain guard provided as standard

Fitted as standard the door rain guard prevents water entering through the doors in extreme weather conditions.

DIMENSIONS	
H(RIDGE):	2109MM
H(EAVES):	1993MM
W:	2200MM
D:	950MM
WEIGHT:	142KG

Big enough for you to walk inside, the door opens on the right hand side and has a rain guard to prevent rain water from getting inside the unit when the door is opened.*

*Minimum base requirements 2350mm x 1100mm

THE SWALEDALE

The Swaledale

Supplied with tool-hanging rail as standard.

Fixing supports to attach standard equestrian saddle racks can also be supplied if required.

DIMENSIONS

H(FRONT): 1904MM

H(BACK): 1798MM

W: 1120MM

D: 808MM

WEIGHT: 111KG

*Minimum base requirements 1280mm x 960mm

The Swaledale and Swaledale plus are ideal as a Garden or Bicycle store providing secure attack resistant storage for items too big or dirty to store inside the house. Whatever your leisure pursuit, your valuable equipment such as saddles, golf clubs, fishing rods etc will stay safe inside a either a Swaledale or Swaledale plus.*

Both units have been tested by the Loss Prevention Certification Board and carry the LPS 1175 Level 1 Security Rating.

For additional security, the base of all our units are pre-drilled and masonry bolts are supplied to enable the unit to be fixed down to a secure and level base.

We recommend concrete, tarmac or concrete paving slabs min 50mm thickness.

DIMENSIONS

H(FRONT): 1904MM

H(BACK): 1798MM

W: 1872MM

D: 808MM

WEIGHT: 160KG

*Minimum base requirements 2020mm x 960mm

The Swaledale plus

THE COVERDALE

The Coverdale and Coverdale plus are strong purpose built units designed to beat the thieves! Identical in size, the two units offer two levels of security. The **Coverdale** is the more economical of the two offering affordable secure storage in the garden, at your holiday home or as a bicycle store. For higher value items you may decide to opt for the **Coverdale plus** which has more strength built in such as door and joint reinforcements and a bolting trap door. **Both units carry the Asgard 10 year anti perforation warranty.**

DIMENSIONS

H(FRONT): 1339MM
H(BACK): 1444MM
W: 1832MM
D: 924MM
WEIGHT: 103KG

Shelves and hooks available

Secure garden storage

Full metal base as standard

Holiday home storage

*Minimum base requirements 1990mm x 1100mm

THE MALHAMDALE

A slightly smaller and more economical version of the Coverdale, the Malhamdale is especially suitable for storing lower value items in the garden or at your holiday home.*

Two double doors across the width of the unit allow for good access and a full metal floor is included (most of our competitors charge extra for a floor!) and easy step by step self assembly instructions.

Galvanised construction

Strong hooks

Provision for padlock

DIMENSIONS

H(FRONT): 1312MM

H(BACK): 1258MM

W: 1542MM

D: 950MM

WEIGHT: 76KG

This unit does not have the handle and euro cylinder locking arrangement but comes with a cam lock assembly allowing you to select your own choice of security padlock (max. 7mm shackle)

The Malhamdale is available in three colours: dark green, dark brown and ivory.

*Minimum base requirements 1600mm x 1000mm

THE HOMESAFE

The Homesafe is perfect for storing especially valuable items, such as laptops, cameras, jewellery or confidential paperwork in the home or for storing expensive power tools inside your workshop or garage.

The unit can be bolted down to the floor or permanent surface for added security (fixing bolts supplied). Reliable peace of mind indoor storage at a price that won't break the bank! Available in two generous sizes and in a choice of colours.

Homesafe plus

The Universal has been tested and certified by the Loss Prevention Certification Board and awarded the LPS 1175 Security Rating 1.

Homesafe

HOMESAFE PLUS

H: 1190MM
W: 600MM
D: 500MM
WEIGHT: 45KG

HOMESAFE

H(FRONT): 702MM
W: 635MM
D: 533MM
WEIGHT: 38KG

PARCELMATE

No more parcels left with a neighbour or behind your bin, or having to travel miles to the local depot to collect your parcel, the Parcelmate provides a simple and secure way to receive deliveries whilst not at home.

The Parcelmate is supplied with masonry bolts for you to secure it to a concrete or tarmac base. Constructed from 1.2mm galvanised steel, the lid and surround are reinforced with 1.6mm thick box sections at the normal forced entry points.

DIMENSIONS	
H(FRONT):	660MM
H(BACK):	645MM
W:	660MM
D:	570MM
WEIGHT:	37KG

Simple push lock system

It works like this! The lid is left closed but unlocked until your delivery man / postman arrives. They deposit the parcel inside and activate the push locks on each side of the box keeping your delivery safe until you get home.

A perfect, peace of mind solution, to the everyday problem of having to be in two places at once!
