QUALITY GARDEN BUILDINGS

## GARDEN OFFICES

MPB Garden Buildings was established in the 1970's manufacturing and installing the **Malvern Collection of Garden Buildings**. During this time **The Malvern Collection** have built a reputation for producing high quality garden buildings and an unrivalled level of service within the garden building industry.

**The Malvern Garden Office** provides a new perspective for your home and garden. Move your office or hobby out of the house and into a fresh, new environment. **The Malvern Garden Office** creates the perfect place for working from home or for your leisure activity by creating an inspirational room in your garden. With its attractive appearance from the outside and appealing light and warm interior, it is the perfect setting for your needs - business or pleasure. Our buildings are fully lined and insulated making them warm and comfortable for all year round use.

The buildings shown in this brochure are only a guide to what we can achieve. Each building we make is designed to your exact individual requirements. If the size or design you require is not shown in our brochure then please contact us to discuss your specific ideas and plans.

**Whatever style or size you want - you choose it - we'll build it.**

We strongly recommend that you visit one of our display show sites to appreciate the superior quality and design of our buildings and discuss your personal requirements.

QUALITY GARDEN BUILDINGS

# The Hanley

14' x 10' Hanley shown with two extra glass to ground windows

The very attractive Hanley makes a stunning feature in any garden. The patio style glass to ground windows allow natural light to pour into the building, giving you the feeling of being out in your garden all year round.

The Hanley comes with six 2000mm x 557mm glass to ground patio style windows, and two 325mm x 1225mm opening vent windows. Also included is a set of fully glazed double doors. Window and door arrangements can be positioned to suit your individual requirements. All windows and doors are fitted with 4mm - toughened double glazed units as standard. Extra doors and windows can be added if required. See options opposite.

Internally the Hanley is fully lined and insulated making it warm and comfortable for all year round use.

Prior to delivery the Hanley is treated with three coats of medium oak stain, should you prefer there are a range of exciting colours available to choose from.

The roof of the Hanley is covered with bitumen roof tiles available in either black, red or green.

12' x 8' Hanley

14' x 10' Hanley shown with one extra glass to ground window and two velux roof windows

## Options Available for The Hanley and The Corner Hanley

**Windows:** Add additional windows to increase the amount of natural light.

**Doors:** Extra doors can be added if required.

**Roof Velux:** Maximise the natural light in your building by adding velux roof windows.

**External & Internal Paint:** Choose one of the many different coloured paint options.

**Cedar Shingle Roof:** Enhance the look and longevity of your building by adding cedar shingles to the roof.

**Laminate Floor:** Decorate the floor of your building with one of the laminate floor options.

**Internal Wall Partitions:** Create rooms within a room with internal wall partitions.

**MDF Lining:** Your internal lining can be upgraded to moisture resistant patterned MDF.

**Guttering:** Guttering and downpipes can be added to the front and back of your building.

# The Corner Hanley

The Corner Hanley enjoys all the benefits of the Hanley whilst having the added advantage of being able to fit nicely into that corner plot in your garden.

The Corner Hanley has a 'hipped' style roof rather than a traditional apex style, otherwise the specifications are the same as the Hanley.
