## Robinsons Regent

greenhouses are ideal for the smaller garden, where space is at a premium. They are a generous 6' 5<sup>3</sup>/<sub>4</sub>" (1976mm) wide and available in various lengths. Unlike many smaller greenhouses, there is a full 5' 6<sup>1</sup>/<sub>2</sub>" (1691mm) working height at the eaves, giving a surprising amount of space.

As with all **Robinsons** greenhouses, the Regent has a ground-level threshold, providing unimpeded access. The door is lockable and affords a 2' (610mm) wide opening.

Although it is supplied with easy-to-understand self-assembly instructions, we strongly advise that your greenhouse be installed by experienced personnel. Please contact your local agent for further details.

## Regent Specifications

The standard Regent Greenhouse comes with the following dimensions:

Colour	Mill / Green / White
Width	6' 5 <sup>3</sup> / <sub>4</sub> " (1.976m)
Ridge Height	7' 4 <sup>1</sup> / <sub>2</sub> " (2.249m)
Eaves Height	5' 6 <sup>1</sup> / <sub>2</sub> " (1.691m)
Roof Vents	24" x 24" (610 x 610mm)
Dwarf wall option	Add 3 <sup>1</sup> / <sub>4</sub> " (84mm) to the ridge and eaves height

Standard module lengths	Number of roof vents
6' 7 <sup>3</sup> / <sub>4</sub> " (2.024m)	1 - with automatic XL opener
8' 8 <sup>1</sup> / <sub>8</sub> " (2.644m)	1 - with automatic XL opener
10' 8 <sup>1</sup> / <sub>2</sub> " (3.264m)	2 - with automatic XL openers
12' 8 <sup>7</sup> / <sub>8</sub> " (3.884m)	2 - with automatic XL openers
14' 9" (4.504m)	2 - with automatic XL openers

The standard Regent Greenhouse consists of:

Single Sliding Lockable Door · Level door threshold · Opening Roof Vents and automatic openers (dependant on length - see chart) Eaves Guttering with integral Downpipes · Unique capping and stainless steel fixings · PLUS 4mm Toughened Safety Glass throughout.

Personalise your greenhouse with our range of accessories, see page 11.

Toughened Safety Glass supplied as standard

Robinsons Greenhouses are designed with the disabled in mind

Ridge Cresting is an optional extra

Mill Green or White polyester powder coated finish

# Personalise your greenhouse with our range of Accessories

Ridge Cresting provides that distinctive finishing touch - available in white or green to suit each freestanding model.

These easy to use roller blinds fit each glazing section providing shade to easily damaged plants and vegetables.

Hanging basket brackets enable you to hang baskets from the glazing bars - no need for an obtrusive rail!

Partitions for the Royale, Rosette and Regal enable you to create a separate propagating or over-wintering area within the greenhouse.

Aluminium or tanalised timber staging and shelving to complement each greenhouse helps provide all the growing space you'll ever need. Uniquely height adjustable and very robust.

An automatic opening roof vent with XL opener and a 6 bladed louvre vent (with or without automatic opener) provide essential extra ventilation for increasing levels of air circulation throughout the greenhouse.

## EXTRA DOORS (in the end of your greenhouse).
